

Hello, I am writing to Petition the above proposal; I am a young adult living in the Inland Empire. The Christian Radio broadcasted here has helped me and blessed my life in so many ways. I am a college student and as such sometimes I am pressured to do things I know are wrong, college life goes beyond the books and classroom, it is a society of its own. Christian Radio has helped keep my feet on solid ground. When I am about to backslide or stumble tuning in helps me know there are people out there who believe as I do, and have said no to negative peer pressure and have been successful. Success in college and later in life is based on the decisions I make now. My success in college and life is noted by my peers and I am able to share with them my success and recommend the radio station and give them an opportunity to succeed victoriously. As the future leaders, CEO's, Senators, Governors, and Teachers of this country it is important for my peers and I to have a solid base to build on. I ask for you to consider the cost this proposal has on Christian Radio, a nonprofit organization who depends on donations to stay on air, your proposal will increase the money it takes to broadcast. The Christian Station barely make enough to stay on air, an added expense can hinder its air time and range. Please consider the following your proposal can do to hinder Christian Radio:

Require Additional Staffing: Adding tens of thousands of dollars in additional monthly expense to each affected station (even including smaller facilities which ultimately might force them to leave the air in some areas).

Force Many Translator Stations Off The Air: giving priority to many new Low Power FM stations (LPFM) rather than existing translator stations. This means many translators would no longer be able to program. Please consider what I can loose if this proposal passes, I am sure you have my better interest in mind, but know my thoughts and hear my heart on this subject. I need the Radio Stations to stay on air I still have some time before I graduate and I need the support Christian Radio gives me. I am sorry this is so long but it is a subject closes to my heart. Thank you for your attention.
